## Statement of Retraction: Investigation of Elevation as a Risk Factor for Hypertensive Disorders of Pregnancy Among Colorado Women between 2007 and 2015

Investigation of Elevation as a Risk Factor for Hypertensive Disorders of Pregnancy Among Colorado Women between 2007 and 2015 by Lauren J. Heath, Hailey Hyde, Christin Miller, & Jill M. Norris, *Hypertension in Pregnancy*, 2019, DOI: [10.1080/10641955.2018.1538378](https://doi.org/10.1080/10641955.2018.1538378)

The above article has been retracted at the request of the authors as a result of errors discovered in the data. After investigation and discussion with the corresponding author, it has been decided that the data cannot be relied upon and it is therefore best to retract the article from the published record. The authors have agreed with this decision.

The retracted article will remain online to maintain the scholarly record, but it will be digitally watermarked on each page as “Retracted”.
