Correction

Article title: Treatment response and neurofilament light chain levels with long-term patisiran in hereditary transthyretin-mediated amyloidosis with polyneuropathy:24-month results of an open-label extension study

Authors: Ticaú S, Aldinc E, Polydefkis M, Adams D, Coelho T, Ueda M, Hale C, Vest J, Nioi P and the Patisiran Global OLE Collaborators

Journal: *Amyloid*

DOI: <https://doi.org/10.1080/13506129.2023.2232520>

The above article has been published with minor errors in Figures 2B and 3B.

The changes needed are:

- On the x axes of both figures, '30 months/OLE 12 months' should be '36 months/OLE 12 months',
- And, on the x axes of both figures, '42 months/OLE 24 months' should be '48 months/OLE 24 months'.

This has now been corrected in both the online and print versions.
